La Secretaría del Organismo Internacional de Energía Atómica (OIEA) saluda a los Estados Miembros del OIEA y tiene el honor de señalar a su atención la celebración del **18° Foro de Diálogo del INPRO sobre Alianzas para el Desarrollo y el Despliegue en el ámbito Nuclear** (denominado en adelante el “evento”), que tuvo que posponerse debido al brote de COVID-19 y que ahora tendrá lugar en la Sede del OIEA en Viena (Austria) del **9 al 11 de diciembre de 2020**.

La finalidad del evento es ofrecer una plataforma para que los Estados Miembros puedan debatir sobre diversos aspectos de las asociaciones y las alianzas estratégicas multilaterales o bilaterales; examinar e intercambiar experiencias, información y conocimientos sobre alianzas de la industria nuclear, así como de otras industrias; intercambiar prácticas óptimas y enseñanzas extraídas de ejemplos de éxito o de situaciones en las que se ha fracasado; y debatir cómo puede el OIEA ayudar a los Estados Miembros a promover alianzas en materia de desarrollo y despliegue en el ámbito nuclear.

En la reseña informativa adjunta se ofrecen más detalles sobre el evento.

El evento se celebrará en inglés.

Se informa a los Estados Miembros de que las designaciones que ya se han recibido para este evento seguirán siendo válidas. Se invita a los Estados Miembros que no hayan presentado ninguna designación o que deseen cambiarla a que designen a una o más personas para que participen en este evento en representación de su Gobierno y se los alienta encarecidamente a que seleccionen con ese fin a mujeres calificadas.

Por lo general, el OIEA no está en condiciones de sufragar los gastos de viaje ni de otra índole de los participantes en el evento. No obstante, dispone de fondos limitados para ayudar a cubrir los gastos de asistencia de determinados participantes. Esa ayuda puede ofrecerse normalmente, previa solicitud expresa, a un participante por país siempre que, en opinión del OIEA, la persona para la que se solicite pueda hacer una contribución importante al evento. La solicitud de apoyo financiero debe presentarse en el momento de la designación de los participantes mediante el formulario de solicitud de subvención adjunto (Formulario C).

Cabe señalar que el OIEA no paga ninguna indemnización por daños o pérdida de efectos personales. Tampoco proporciona seguro médico a los participantes en eventos del OIEA. Por lo tanto, se recomienda que estas personas adopten las medidas necesarias para contratar por su cuenta un seguro privado. No obstante, el OIEA cubrirá mediante un seguro los accidentes y las enfermedades claramente relacionados con los servicios prestados al OIEA.

Las designaciones deben presentarse al OIEA por conducto de la autoridad nacional competente (el Ministerio de Relaciones Exteriores, la Misión Permanente ante el OIEA o la Autoridad Nacional de Energía Atómica), a más tardar el **30 de septiembre de 2020**, por medio del formulario de participación adjunto (Formulario A). Los formularios de participación debidamente cumplimentados y autorizados deben enviarse por correo electrónico a la dirección [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org), o por fax al número: +43 1 26007 (no se precisan copias impresas). Asimismo, han de enviarse copias por correo electrónico al Secretario Científico del evento, Sr. Maxim Gladyshev, División de Energía Nucleoeléctrica, Departamento de Energía Nuclear (correo electrónico: [M.Gladyshev@iaea.org](mailto:M.Gladyshev@iaea.org)), y a la Secretaria Administrativa, Sra. Karron Marie Robinson-Onorati (correo electrónico: [K.Robinson-Onorati@iaea.org](mailto:K.Robinson-Onorati@iaea.org)). Una vez recibidas las designaciones oficiales, el Secretario Científico del evento contactará directamente a los participantes en relación con otras cuestiones de organización, como los detalles del viaje, según proceda.

En caso de que los Gobiernos desearan, además, nombrar uno o más observadores para que prestasen asistencia y asesoramiento a los participantes designados, se les ruega que comuniquen al OIEA el nombre y las señas de esos observadores a más tardar en la fecha antes indicada. De conformidad con las normas establecidas, corresponde a los Gobiernos sufragar los gastos de asistencia de los observadores que envíen a los eventos del OIEA. Este no paga ninguna indemnización por daños o pérdida de efectos personales de los observadores, ni por enfermedad, lesión o fallecimiento durante los viajes o en relación con su asistencia a los eventos del OIEA.

La Secretaría del Organismo Internacional de Energía Atómica aprovecha esta oportunidad para reiterar a los Estados Miembros del OIEA el testimonio de su distinguida consideración.

# **18th INPRO Dialogue Forum on Partnerships for Nuclear Development and Deployment**

**IAEA Headquarters  
Vienna, Austria**

**9-11 December 2020**

**Ref. No.: EVT1803516**

## **Information Sheet**

### **Introduction**

The International Project on Innovative Nuclear Reactors and Fuel Cycles (INPRO) was launched in 2000, in accordance with resolution GC(44)/RES/21, adopted in that year by the General Conference of the International Atomic Energy Agency (IAEA). The project's objectives are to help ensure that nuclear energy remains available in the 21st century and is developed in a sustainable manner. Moreover, INPRO seeks to bring together all interested Member States, including technology holders and users, so that they can jointly consider the actions necessary to achieve desired innovations in nuclear energy. The current membership of INPRO comprises 41 IAEA Member States and the European Commission. In 2014, the INPRO Group became a Section within the Division of Nuclear Power in the IAEA's Department of Nuclear Energy.

INPRO is currently implementing activities identified in its Subprogramme Plan for 2018–2019, as previously endorsed by the INPRO Steering Committee. The INPRO Dialogue Forum offers a platform for technology holders, technology users and other stakeholders from all interested IAEA Member States. It also facilitates discussion so that technology holders can better understand the needs and concerns of technology users, and so that users can better understand technology holders' possibilities and limitations associated with the development and deployment of innovative nuclear energy systems. The INPRO Dialogue Forum will focus not only on technology, but also on institutional aspects, such as markets, resources, effects of regulation and public acceptance issues.

## Objectives

Nuclear power plays an essential role in addressing climate change and contributing to sustainable development. A total of 30 countries already operate nuclear power plants (NPPs), and about 40 more countries are either considering nuclear power or preparing to introduce it. Despite the international consensus that the role of nuclear power should be expanded for a low carbon future, there are many challenges when it comes to implementing nuclear power. There are endogenous challenges with nuclear systems and, among other things, significant initial investment costs, longer periods of return on investment, system complexity, and difficulties in technology development. As one means of overcoming these challenges, the importance of partnerships in various forms has emerged. Partnerships would be applied not only to new entrants to nuclear power but also to expanding countries. Based on the experience of each Member State in nuclear or other industries, the INPRO Dialogue Forum will provide an opportunity to identify the effective types of partnership and to find a model that suits each member's situation.

The objectives of the 18th INPRO Dialogue Forum are to:

- Provide a platform for Member States to discuss various aspects of multilateral or bilateral partnerships and strategic alliances;
- Discuss and share experiences, information and knowledge in partnerships from the nuclear and the other industries;
- Share the best practices and lessons learned from cases of success or failure; and
- Discuss how the IAEA can help Member States promote partnerships in nuclear development and deployment.

## Target Audience

The INPRO Dialogue Forum is open to participants from the IAEA Member States, especially the following INPRO Members:

Algeria, Argentina, Armenia, Bangladesh, Belarus, Belgium, Brazil, Bulgaria, Canada, Chile, China, the Czech Republic, Egypt, France, Germany, India, Indonesia, Israel, Italy, Japan, Jordan, Kazakhstan, Kenya, the Republic of Korea, Malaysia, Mexico, Morocco, Netherlands, Pakistan, Poland, Romania, the Russian Federation, Slovakia, South Africa, Spain, Switzerland, Thailand, Turkey, Ukraine, the United States of America, and Viet Nam;

observers and other interested Member States:

Albania, Australia, Austria, Azerbaijan, Benin, the Plurinational State of Bolivia, , Botswana, Burkina Faso, Cambodia, Croatia, Cuba, Ecuador, Estonia, Ethiopia, Finland, Ghana, Georgia, Hungary, the Islamic Republic of Iran, Jamaica, Latvia, Lesotho, Libya, Lithuania, Mali, Mongolia, Namibia, Niger, Nigeria, North Macedonia, Norway, Oman, Panama, Paraguay, Peru, Philippines, Rwanda, Saudi Arabia, Senegal, Serbia, Singapore, Slovenia, Sri Lanka, Sweden, Sudan, the United Republic of Tanzania, Tunisia, Uganda, the United Arab Emirates, the United Kingdom, Uruguay, and the Bolivarian Republic of Venezuela;

as well as from the following organizations:

the European Atomic Forum (FORATOM), the European Commission (EC), the Generation IV International Forum (GIF), the International Framework for Nuclear Energy Cooperation (IFNEC),

the Multinational Design Evaluation Programme (MDEP), the Nuclear Energy Agency of the Organisation for Economic Co-operation and Development (OECD/NEA), the Sustainable Nuclear Energy Technology Platform (SNETP), the Western European Nuclear Regulators Association (WENRA), the World Association of Nuclear Operators (WANO), and the World Nuclear Association (WNA).

## Working Language(s)

The working language of the event will be English with no interpretation provided. All communications, abstracts and papers must be submitted to the IAEA in English.

## Topics

The event will consist of several sessions, and all contributions, presentations, and discussions will be categorized as follows:

- Keynote sessions on a theoretical framework and its related sciences, and key success factors in building partnerships;
- Global nuclear partnerships and strategic alliances;
- Best practices of Member States and international organizations in the nuclear and other industries;
- Intergovernmental, public–private, and private–private partnerships; and
- Lessons learned from the various partnerships.

## Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA **by 30 September 2020**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by above deadline.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Please note that the IAEA is in a transition phase to manage the entire registration process for all regular programme events electronically through the new InTouch+ (<https://intouchplus.iaea.org>) facility, which is the improved and expanded successor to the InTouch platform that has been used in recent years for the IAEA's technical cooperation events. Through InTouch+, prospective participants will be able to apply for events and submit all required documents online. National authorities will be able to use InTouch+ to review and approve these applications. Interested parties that would like to use this new facility should write to: [InTouchPlus.Contact-Point@iaea.org](mailto:InTouchPlus.Contact-Point@iaea.org).

## Papers and Presentations

The IAEA encourages participants to give presentations on the work of their respective institutions that falls under the topics listed above.

Participants who wish to give presentations are requested to submit an abstract of their work. The abstract will be reviewed as part of the selection process for presentations. The abstract should be provided in A4 page format, should extend to no more than 2 pages (including figures and tables) and should not exceed 700 words. It should be sent electronically to Mr Maxim Gladyshev, the Scientific Secretary of the event (see contact details below), not later than 31 August 2020. Authors will be notified of the acceptance of their proposed presentations by 30 September 2020.

In addition, participants have to submit the abstract together with the **Participation Form (Form A)** and the attached **Form for Submission of a Presentation (Form B)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) or their organization for onward transmission to the IAEA **not later than 16 October 2020**.

The event is, in principle, open to all officially designated persons. The IAEA, however, reserves the right to limit participation should this become necessary due to limitations imposed by the available seating capacity. It is therefore recommended that interested persons take the necessary steps to obtain their official designation as early as possible.

## Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to up to two participants per country, provided that, in the IAEA's view, the participants will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)**, which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **30 September 2020**.

## Venue

The event will be held at Board Room A, Building M of the Vienna International Centre (VIC), where the IAEA's Headquarters are located. Participants must make their own travel and accommodation arrangements.

General information on the VIC and other practical details, such as a list of hotels offering a reduced rate for IAEA participants, are listed on the following IAEA web page:  
<http://www-pub.iaea.org/iaeaevents/GeneralInfo/Guide/VIC>.

Participants are advised to arrive at Checkpoint 1/Gate 1 of the VIC one hour before the start of the event on the first day in order to allow for timely registration. Participants will need to present an official photo identification document in order to be admitted to the VIC premises.

## Visas

Participants who require a visa to enter Austria should submit the necessary application to the nearest diplomatic or consular representative of Austria at least four weeks before they travel to Austria. Since Austria is a Schengen State, persons requiring a visa will have to apply for a Schengen visa. In States where Austria has no diplomatic mission, visas can be obtained from the consular authority of a Schengen Partner State representing Austria in the country in question.
