WELCOME  
LETTER  
FROM THE  
ORGANIZING  
COMMITTEE  
/ BOARD OF  
DIRECTORS

Dear colleague,

We would like to announce the **16<sup>th</sup> Nuclear Data for Science and Technology vND2025** will be the largest nuclear data event in 2025 and the 16<sup>th</sup> edition of a series of successful conferences held every three years since 1978, most recently in Bruges, Belgium (ND2016), Beijing, China (ND2019), and Brookhaven, USA (ND2022). It will bring together international experts involved in measurements, validation, evaluation and uses of nuclear data for scientific and technological applications. All relevant information will be announced at [www.nd2025madrid.com](http://www.nd2025madrid.com).

**ND2025** is being organised by the [Centro de Investigaciones Energéticas, Medioambientales y Tecnológicas – CIEMAT](#), with a strong support of the Spanish nuclear physics community. The conference will take place at the [NH Collection Madrid Eurobuilding hotel](#), one of the iconic hotels in the heart of the city's financial district and considered one of the best accommodations for leisure and business in Madrid.

The conference will cover a broad range of topics on nuclear data: nuclear reaction measurements; nuclear structure; facilities & instruments; sample preparation; fission and spallation; nuclear data for reactors (thermal & fast, ADS, SMR, MSR, ATF); nuclear fusion; nuclear astrophysics and space applications; medical applications; nuclear waste management; criticality safety; isotope production; nuclear theory; Monte Carlo simulation; machine learning; nuclear data evaluation; standards; integral experiments and validation; dissemination; education, training and outreach.

The conference in Madrid (Spain) offers also the chance to explore this vibrant capital known for its rich cultural heritage, dynamic urban life, and legendary nightlife. Key attractions include world-renowned museums (Prado, Reina Sofía, Thyssen-Bornemisza), historical landmarks (Royal Palace, Plaza Mayor), and bustling areas like Gran Vía. Madrid boasts excellent cuisine, beautiful green spaces (Retiro Park, Casa de Campo), and a strong sports culture. The city also excels in education, innovation, healthcare, public transportation, and hosts numerous cultural events, making it a blend of tradition and modernity, attractive to tourists, professionals, and expatriates.

## ABOUT THE CONGRESS

---

The Nuclear Data for Science and Technology 2025 (ND2025) conference offers an unparalleled opportunity for industry and manufacturers of nuclear equipment and electronics to engage with a broad spectrum of the scientific and technical community. Here are several compelling reasons why ND2025 is an excellent forum for these stakeholders:

### 1. LARGEST NUCLEAR DATA EVENT OF 2025

As the largest nuclear data event in 2025, ND2025 is a premier platform, drawing over half a thousand international scientists, engineers, and experts. This extensive participation ensures a diverse and comprehensive exchange of knowledge and ideas, making it an invaluable networking and learning experience.

### 2. LEGACY AND EXPERTISE

With a history spanning over four decades, ND2025 is the 16<sup>th</sup> edition of a series of highly successful conferences held every three years. Previous editions in Bruges, Beijing, and Lawrence Livermore National Laboratory have established the event as a cornerstone for advancements in nuclear data. The conference's legacy guarantees a high-quality and well-organized experience, attracting leading minds and cutting-edge research in the field.

### 3. DIVERSE AND RELEVANT APPLICATIONS

Nuclear data are fundamental to various sectors, including nuclear fission and fusion, particle accelerators, medical imaging, cancer therapy, space missions, and more. For manufacturers and industry players, this means direct exposure to the latest research and developments that could impact their products and technologies. The conference covers a wide array of topics, such as nuclear reaction measurements, medical applications, nuclear waste management, and criticality safety, all of which are crucial for advancing technology and safety in nuclear-related industries.

### 4. NETWORKING WITH KEY PLAYERS

ND2025 brings together a diverse group of participants, including experimentalists, nuclear data evaluators, developers of simulation tools, radiochemists, international agency representatives, and industry professionals. This mix offers manufacturers unique opportunities to network with potential collaborators, customers, and regulatory bodies. Engaging with these experts can provide insights into market needs, regulatory trends, and technological advancements, aiding in product development and market positioning.

---

## 5. STATE-OF-THE-ART DEVELOPMENTS

The conference will showcase the latest in Monte Carlo and deterministic simulation tools, data processing and dissemination techniques, and other technological advancements. For companies involved in manufacturing nuclear equipment or electronics, understanding these cutting-edge developments is critical for staying competitive and innovative.

## 6. STRATEGIC LOCATION AND SUPPORT

Held at the 4\* NH Collection Madrid Eurobuilding hotel in Madrid, a key city with rich cultural and business landscapes, ND2025 is conveniently located for attendees from around the world. The conference is organized by the prestigious Centro de Investigaciones Energéticas, Medioambientales y Tecnológicas (CIEMAT), with strong support from the Spanish nuclear physics community, ensuring a well-supported and professionally executed event.

## 7. EXHIBITION AND SPONSORSHIP OPPORTUNITIES

For companies, ND2025 provides a platform to showcase their products and services through exhibitions and sponsorships. This visibility among a specialized and influential audience can lead to new business opportunities and partnerships. In summary, ND2025 is not just a scientific conference but a comprehensive gathering of the entire ecosystem involved in nuclear data and its applications. For industry participants, it represents a unique chance to stay ahead of the curve, influence and understand market directions, and establish connections that can lead to future collaborations and innovations.

# EXHIBITION BOOTH SPACE

## FEATURES AND FEE

### CONTRIBUTION

€ 3.700

Open space of **6m<sup>2</sup> (3×2 m)** in the exhibition area, where coffee breaks, meals, and poster presentations will also take place.

NOTE: The fee includes exhibition from June 22<sup>nd</sup> to June 27<sup>th</sup>.

## SERVICES INCLUDED IN THE FEE

- Exhibition booth space (according to the chosen option).
- Participation and accreditation for two delegates.
- Documentation folder.
- Opening Cocktail on Sunday, June 22<sup>nd</sup> (2 persons).
- Working lunches on Monday 22<sup>nd</sup>, Tuesday 23<sup>rd</sup>, Wednesday 24<sup>th</sup> and Thursday 25<sup>th</sup>, (2 persons).
- Coffee break (2 persons) on the days of the Congress.

## CONDITIONS

The booth space will be allocated on a first-come, first-served basis (effective upon corresponding payment). To secure the reservation, a payment receipt for at least 50% of the booth space amount must be sent. The remaining amount must be paid within 30 days before the start of the Congress (by May 3<sup>rd</sup>). Otherwise, the organization does not commit to reserving the space.

Each exhibitor must adhere to the allocated space assigned and confirmed by the Organization (the exhibition layout will be sent in advance). The Organization is not responsible for the materials placed in each booth. However, the venue will provide a secured area accessible to exhibitor representatives for storing any objects they deem necessary, always under the exhibitor's responsibility.

---

## ASSEMBLY AND DISASSEMBLY OF THE EXHIBITION

The organization allocates booth space to exhibitors, with setup scheduled for Sunday, June 22<sup>nd</sup> (exact time to be confirmed), and dismantling required by the end of the congress day on Friday, June 27<sup>th</sup>.

On Friday, June 27<sup>th</sup>, exhibitors are allowed to leave materials in a designated area of the venue for courier service pickup on Monday, June 30<sup>th</sup>. No materials are allowed to be left inside the venue after this date. The fee does not include the booth structure, assembly, or disassembly of the booth content, which is the responsibility of the exhibitors. However, auxiliary services such as hostesses, furniture, audiovisual equipment, and laborers will be provided to those who require them. For any issues related to this matter, please contact at [technicalsecretariat@nd2025madrid.com](mailto:technicalsecretariat@nd2025madrid.com).

At the end of the congress, exhibitors must leave the commercial exhibition space as it was delivered to them, taking responsibility for any damage or flaws caused to the facilities of the Congress venue.

---

## SHIPMENT OF GOODS

The goods will be sent on Tuesday 17 of June to Friday 20<sup>th</sup>, from 8 a.m. to 8 p.m. to the following address:

Venue: Hotel NH Collection Madrid Eurobuilding.  
Calle Padre Damián, 23  
28036 Madrid (Spain)

\* The organisation will not have any machinery or personnel available for unloading materials.

Clearly indicating the following information in a visible place:

**16<sup>th</sup> NUCLEAR DATA CONFERENCE.**

**Name of the exhibitor company. Stand number. Number of packages.**

---

## **CONDITIONS FOR PARTIAL OR TOTAL CANCELLATION OF THE IN-PERSON CONGRESS**

The Organizing Committee has provisions regarding the conditions for the Conference's development, which may be affected by the regulations in force at the time of its celebration. It does not take responsibility for the restrictions affecting these conditions or the total cancellation of the in-person Conference, should the regulations require such action.

As the venue for the in-person Conference is located in Madrid, the regulations and protocols that will condition its celebration will be those established by both the Central Government and the Autonomous Government of Madrid.

In the case of reduced capacity/services or the total cancellation of the in-person Conference, the contracted services intended for execution at the venue will automatically be replaced by services executed on the Conference platform.

Under no circumstances will any financial refund be made for the services suspended at the venue. The organization has a financial forecast for Conference planning that cannot be affected by last-minute compliance restrictions impacting its celebration.

---

## **TRADE SHOW FLOOR PLAN**

The secretariat will send the exhibition floor plan in advance to companies that contract a commercial space for them to choose from.

The exhibition area is located on the 1<sup>st</sup> floor of the venue, in an ideal location, at the entrance of the attendees, between the technical secretariat, catering area (coffee breaks and lunches), and the main rooms.

# SPONSORED SESSIONS

## FEE

### TECHNICAL SESSIONS CONTRIBUTION

€ 2.500

Collaborators interested in holding a Technical Session during the Congress must submit to the Scientific Committee the topic to be addressed, together with the names of the proposed speakers and their positions\*. The Scientific Committee will decide whether or not to accept the sessions submitted.

Sponsored sessions are limited.

## INCLUDED SERVICES

- 40-minute session in a preferred time slot and room. Broadcasting room with personalized name and image exclusively featuring your brand.
- Before the start and conclusion of the Symposium, a 30-second sponsor video (the video must be provided by the sponsoring company)

## GENERAL CONDITIONS

Recognition in the program and on the website as the Symposium sponsor.

### ALLOCATION OF TECHNICAL SESSIONS

The technical session will be allocated on the basis of the order of application for the session.

In order to make the reservation, you must send the attached contract with a minimum of 50% of the amount of the technical session. The balance must be paid within 30 days of the start of the congress (23<sup>rd</sup> April). Otherwise, the organization is not committed to booking the session.

### CANCELLATION OF THE CONGRESS

The organizers have the right to cancel the agreement if the congress cannot be held due to circumstances beyond their control. In this case, the sponsoring company will assume the expenses incurred up to the date of the Congress.

Note: In case the Symposium involves any costs such as accommodation, registration, travel, or speaker fees, these will be covered by the sponsor. We will need a photograph of the speaker(s) for inclusion on the website and/or congress APP.

# SPONSORSHIP PACKAGE

The interested companies and institutions can choose a sponsorship package by contributing an amount deemed appropriate based on the following information:

## CONTRIBUTION

€ 5.500

## INCLUDES

- Premium booth: Open space of 6m<sup>2</sup> with a table and 2 chairs (3×2 m).
